Equipment and Devices of Microprocessor Laboratory

Programmable logic controller board 1

Programmable logic controller board 2

Equipment and Devices of Microprocessor Laboratory

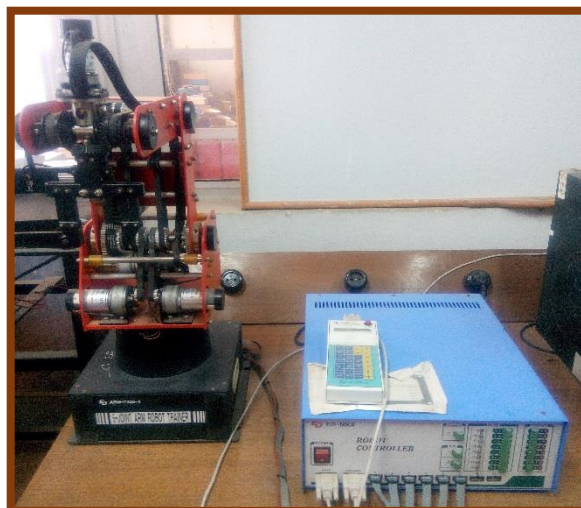

- Microprocessor training system

- Robots

- Regulated DC power supply

- Laboratory DC power supply

- Joint arm robot & robot controller

# Equipment and Devices of Microprocessor Laboratory

- Analog interface module

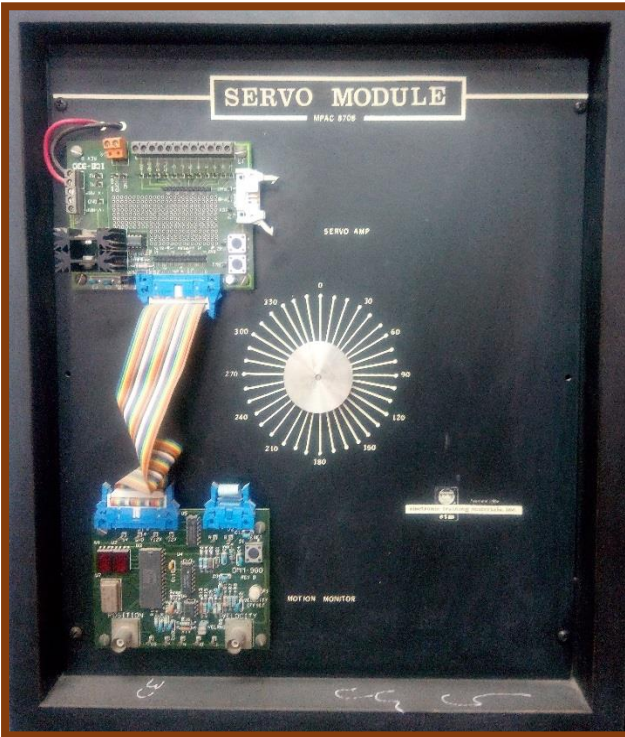

- Stepper motor controller

- Electromechanical interface module

- I/O termination panel

Equipment and Devices of Microprocessor Laboratory

- Servo module

- MPU/communications module
