

## Are you a Senior Engineering, Computer Science, or Information Systems student ?

**ITIDA / ITAC**  
invites you to apply for the  
**Graduation Project Fund**

### Who is eligible?

Senior (4th year) students in an Egyptian educational institution.

Graduation projects related to information and communications technology (ICT).

Faculties of Engineering, Computer Science and Departments of Business Information Systems\*

### Selection criteria?

The proposals are evaluated by experts in the topic, based on a unified score-sheet. Proposals with the highest scores are chosen for funding.

**Apply Today**

*\*For BIS the curriculum in the faculty bylaws must include a "graduation project" course and other courses closely related to ICT.*

## Graduation Project Funding

### Project Funding:

ITIDA will fund the shortlisted graduation projects by an amount up to EGP 10,000 for eligible budget items.

To learn more about the financial guidelines, please visit the ITAC page on ITIDA's website at [itida.gov.eg](http://itida.gov.eg).

Equipment purchased by the ITAC fund is delivered to the institution's inventory for use in subsequent years by other projects.

### Funded Projects:

Academic Year	Number
2005/2006	22
2006/2007	56
2007/2008	53
2008/2009	130
2009/2010	131
2010/2011	117
2011/2012	111
2012/2013	44
2013/2014	42
2014/2015	40
2015/2016	91

### How to Apply:

Please visit the ITAC page on ITIDA's website, download the application form, fill it in and send it to the e-mail address posted on the website.

Don't forget to refer to the updated financial guidelines before filling in the project budget section in the application.

### Submission:

Graduation Projects submission windows open in January. Please make sure to send the application form before the end of the submission month.
