

1- MU_FSCI_GEOL_DATA_ Hamdallah.Wanas

Personal Data:

Name : Hamdallah Abdel-Gawad Abedel-Aziz Wanas
Date of Birth: 28/1/1963
Place of Birth: El-Menoufia
Social Status: Married and I have two girls (9,2 years) and boy (7 years).
Home Address: Tanbody- Shebin El-Kom – Menoufia- Egypt.
Home institution: Geology Dept. Faculty of Science, Menoufia Univ. Egypt
Country: Egypt
Nationality: Egyptian
E- Mail: hamdallawanas@yahoo.com,
wanas2000@yahoo.com, drhamdalla@gmail.com

Education and awarded degrees:

- Graduate from Shebin El-Kom secondary school (July1981).
- **Bachelor** of Science in Geology (May1985) from Menoufia Univ., Egypt.
- **Master** of Science in Geology (Sedimentation) in (April1992) from Menoufia Univ., Egypt under title (**Sedimentological studies on the Middle and Upper Eocene rocks in Fayium Province, Western Desert, Egypt**).
- **Ph. D.** in Sedimentary petrology of clastic rocks (June1997) from Menoufia Univ., in the frame of the scientific channel system with Imperial College in London, UK. This thesis under title (**Comparative geological and sedimentological studies on the Cambro-Ordovician rocks in Egypt and Saudi Arabia**).

2- MU_FSCI_GEOL_LINK_ Hamdallah.Wanas

Employment:

- Administrator of Geology at Faculty of Science in Menoufia Univ. from 1986-1992.
- Assistance Lecturer of Geology at Faculty of Science in Menoufia Univ. from 1992-1997.
- Lecturer of sedimentary petrology at Faculty of Science in Menoufia Univ. from 1997 to 2003.
- Assistant Professor of sedimentary petrology from May 2003 until now.

Experiences & Collaboration:

- Member in the project of the rainfalls on the Red Sea mountains and their effect on the adjacent cities.
- Member of the Geological Society of Egypt.
- Member of the sedimentological Society of Egypt.
- Co-operative work with Prof. R. Selley at Imperial College in London.

Page 2- Curriculum Vita of

• Dr. Hamdalla Abdel-Gawad Wanas

- Co-operative work with Prof. Traversa at Dipartimento della Terra, La Sapienza Univ. Roma, Italy.
- Co-operative work with Prof. Ananias Tsirambides at the School of Geology, Aristotle Univ., Thessaloniki, Greece
- Co-operative Work with Prof. Octavian Cataneneau, Dept. of Atmospheric and Earth Sciences, University of Alberta, Canada.
- Co-operative work with Prof. Martin Pickford, Natural History Musium, University of Paris, France.
- Co-operative work with Prof. Karel Martinik, Charles University, Pragh, Czech Republic.
- Co-operative work with Dr. Loic Segalen, University of Paris 6, Paris, France.
- Attending the workshop of preparation of the geological map by digital method using the Landsate Images.
- I have visited geology departments in London, Italy, Greece, Czech Republic and France to do co-operative scientific researches.
- Recently, I spent two months (from 1st of Nov 2007. to 1st of Jan. 2008) as Visiting Professor at Lab. Biomineralization and Paleoenvironments in the University of Paris 6, France.

Dr. Hamdallah A. Wanas

*Associate Professor, Geology Department, Faculty of Science,
Menofiya University, Egypt*
